# Celebrating 60 Years

Our next North of 60 campaign for our 60<sup>th</sup> Anniversary year is the:

## Health for Fort Hope Initiative

The community of Fort Hope (also known as Eabamentoong First Nation) is a fly-in community located on the shores of Eabamet Lake in the Albany River system 360 km north of Thunder Bay. Health for Fort Hope is led by a team of medical professionals to help serve the needs of the approximately 1500 people who live on the reserve, and an additional 700+ community members living off the reserve. Like many First Nation communities, the lack of access to affordable nutritious food has led to many health problems, especially diabetes and all the associated foot care concerns. The team first visited in June 2019 and, in collaboration with nursing station and home care staff, the Health for Fort Hope project was able to fit and assess for orthotics and home care needs. With this relationship between the team and community members of Fort Hope, the team will be providing a foot care nurse and continued visits for orthotics and home care needs. We have much greater detail about the goals for this relationship on our website, [www.stfrancskw.ca](http://www.stfrancskw.ca).

## How can we help?

Our Advent Charities Collection this year will go to support the Health for Fort Hope Initiative. You have envelopes for this collection in your church boxes, please put them in the collection on the 1<sup>st</sup> Sunday of Advent, Nov. 30/Dec. 1. Extra envelopes will be available at the entrances that weekend. Thank you for helping us celebrate 60 years by giving back to our northern neighbours.

## “”lectures in catholicexperience at St. Jerome’s University

On Friday, November 15<sup>th</sup>, join us for “**The Paradox of Pleasure: Jean Vanier and the Growth of L’Arche**”: the second lecture in our 2019-2020 “Bring Your Brain to Church” series. Just twelve years after Jean Vanier founded the first L’Arche community with adults with intellectual disabilities, there were more than 40 L’Arche communities in 11 countries. What can explain this incredible growth? Carolyn Whitney-Brown discovered that Vanier said that the secret behind L’Arche’s success is, paradoxically, “pleasure.” She will discuss how Vanier’s surprising observation about pleasure offers an insight into the success of this amazing movement. 7:30 p.m., Academic Centre | Vanstone Lecture Hall. Admission is free, but please register at [www.sju.ca/lce](http://www.sju.ca/lce). Tickets *are not* required. Complimentary parking is available on a first-come first-served basis. Everyone welcome!
